## Pi Theta Pi Sorority Affiliated With National

### FIRST NATIONAL SORORITY ON WESTMINSTER CAMPUS

Westminster's first women's national fraternity was installed Saturday afternoon when the group of girls heretofore known as the Phi Theta Pi Sorority became the Omicron Gamma Chapter of Chi Omega Fraternity. National headquarters were represented in the person of Mrs. Vesta Lockwood Watson, who visited the local group last spring, and whose favorable report of the college, and of the girls themselves, was largely responsible for the installation of this new chapter.

Installation and initiation cere-

Cornella Gilkey, Dorothy French, Mary Belle Simpson, Ruth Simpson, Ruth McConnell, Mary Graham and Frances Livingston.

Phi Theta Pi had a rather brief but interesting career. It was the youngest of the four sororities on the campus, founded in 1923 by those girls listed above as Alumnae, with the addition of Betty Garvin and Myrtle Peacock, and the exception of Francis Livingston. It stood for the raising of college standards of right living, scholarship, friendship and democracy. Its purpose was understood and appreciated by the college, and it received recognition from the President's Office immediately on its being formed. Phi Theta Pi especially distinguished itself in the last year, by winning the Women's Scholarship Trophy Cup. The average scholastic standing of its members being above 86%. Its history has culminated in its successful petition for membership in Chi Omega, which was accepted in only a little over a year's time. Phi Theta Pi has therefore become the seventy-fourth chapter, Omicron Gamma, of Chi Omega Fraternity.

Chi Omega was formed in 1895 by five girls at the University of Arkansas, with the aid of Doctor Charles Richardson, Kappa Sigma, who until his death a short time ago, enjoyed the distinction of being the only male member. Chi Omega numbers prominent members in almost every profession, one of its most recent distinctions being the appointment of Mrs. Mary Walker Willebrandt to the position of Assistant Attorney General of the United States. In its earlier years the Fraternity was stronger in the South and West, but within recent years it has added many chapters in this section of the country. Its President, Mrs. Mary C. Love Collins has had in view a wide extension policy which has come almost to a stop with the addition of this seventy-fourth chapter at Westminster.

#### CHAPEL SERVICE

There were two special music numbers in the Chapel Service on Sabbath night. Miss Isabelle McConagha favored all with a solo, and the chapel choir also rendered a special number.

Dr. Wallace drew an inspiring sermon from Matthew 4:4, "But he answered and said, It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God." These were the words of Jesus when he was tempted of the Devil. The latter phrases of the text were spoken by Moses in an address to the Children of Israel as they entered the land of promise.

Man is soul and not body alone. Thus one can not live by bread alone, but by every word that proceedeth out of the mouth of God. Life starts with the senses, and then experiences grow, and it is while youth is alone in these experiences that the crisis comes, and the devil tempts us. Youth is apt to sacrifice the best, for what seems pleasing at the time. Jesus appeals first to consciousness.

There are two notions in every word of God: revelation and commandment. The moral meaning of

these two the truth and duty, and we must have a united force of truth and duty to be successful. A sound heart throb and a feasting for the words of God needs to be stirred up in youth.

#### PRESIDENT'S RECEPTION

Last Tuesday evening, at the Hill-side, Doctor and Mrs. Wallace entertained with their formal reception for the college students and faculty. In the receiving line were Doctor Wallace, Mrs. Wallace, and Mrs. Robertson, Dean of Women. The guests spent a very pleasant evening in the atmosphere of congeniality and gaiety which always pervades Westminster affairs. In the late evening refreshments were served in the dining room which was charmingly decorated for the affair with candles and flowers.

#### MAY QUEEN ELECTED

Florence Pollard of the Junior class was elected May Queen for 1925 at a meeting of the Senior girls yesterday. According to college tradition, the May Queen is always elected by the Senior girls and is an enviable position, for May Day is the biggest event of the school year. Miss Pollard is a member of Chi

#### FIRST TRI-STATE GAME

Westminster will be called upon to play their first Tri-state Conference basketball at home tonight when Waynesburg comes here. A second test of the week will be applied Friday night when Dyer's cohorts pack their grips and pay a flying visit to Grove City to meet Bob Thorn's proteges.

In meeting Waynesburg here, the Blue and White quintet is not expecting "easy picking." Little trouble was encountered in handing Waynesburg a defeat there, but on several occasions already this year, events in a basketball way which were entirely unexpected, have occurred.

Friday night's battle at Grove City should be a "hummer." Geneva proved that Grove City can be beaten but they were aided by the fact that the scene of battle was at Beaver Falls.

This year's Westminster team has given all appearances of being above the average. With a crowd of loyal Westminsterites on the sidelines at Grove City Friday night, pre-game predictions favoring Grove City may be "shot full-of-holes."

Basketball of the double-attraction variety will be served tonight for in the prelim to the Westminster-Waynesburg game, the Blue and White sextet will meet a group of girls who will attempt to uphold the standards of Slippery Rock Normal School.

Coach Dyer has been working the squad hard since taking over the reigns and he expects the contest to be hard fought. The lineup which will start is still uncertain. The veterans are Mary Beatty, captain and guard; Ruth Hamilton, side center, Bernice Brothers, forward and Mary Smith, center.

#### TRI-STATE STANDING

Duequesne is leading in the Tri-state race with two victories and no defeats. The Blue and White fell before this winning combination in Pittsburgh last week, but have great hopes of handing out a similar defeat on the home floor. Geneva holds down second place with one victory and no defeats. Westminster and Waynesburg are tied for third place honors and will settle this dispute on the Westminster gym torus. There are a number of games to be played this week, which will no doubt shake up the standing.

## Basket Ball Team Have Even Break On Trip

### VICTORIOUS OVER WAYNESBURG BUT LOST TO DUKES

Westminster's basketballers definitely established themselves in the race for Tri-State conference honors by making a two-day jaunt to Waynesburg and Pittsburgh on Thursday and Friday of last week. In their first league tilt of the season, Katy Easterday's Waynesburg crew was handed a 34-17 defeat, but the following night in Pittsburgh, the locals met their Waterloo and tasted defeat at the hands of Duquesne, 29-19.

The showing of Dyer's lads in the Waynesburg game was above expectations. The lead was garnered in the first few minutes of play and although the score was close in the fore part, Westminster struck her stride in the second half and showered the Yellow Jackets with an avalanche of field goals.

"Biff" Logan led the scoring against Waynesburg. The big center found the range on four different occasions. Hetra, Pahle and Cleary, located the hoop twice. Goldstrohm had one double decker. Irwin and Heider with two baskets apiece, led the Yellow Jackets.

#### DUQUESNE GAME

In Pittsburgh a different team appeared on the floor than that which performed at Waynesburg 24 hours previous. According to a Pittsburgh sports writer the result was summed up in the statement "two good teams clashed with one good team having an off-night."

Duquesne presented a whirlwind offensive while their defense was equally as good. The Dukes had little trouble finding the basket in the first minutes of play and when the half ended they were leading 15-10. They increased their lead in the second half as the result of a pretty exhibition of field goal shooting from different angles. At no time did the Blue and White seriously threaten to overcome their opponents lead.

Schradling, a former Grove City man and now one of the mainstays of the Duke five, led the race in scoring with four to his credit. Hetra was Westminster's best bet with two. Cleary, Bissett and Pahle, were the other Westminster players to score from the field.

#### GIRLS VARSITY PLAY SLIPPERY ROCK TO-NITE

The Girls Varsity Basketball team meet the Slippery Rock Normal Girls here tonight in the preliminary game. The Westminster Girls Team suffered two defeats at the hands of the green clad lassies from Slippery Rock last year. To-night the Girls team with several new freshman stars expect to turn the tables and open the season with a victory. Capt Beatty will lead the Blue and White team at the guard position. Brothers, Smith, Hamilton and Stewart all veterans from last years squad will aid in the opener. Among the new members of the squad we find Shawkey, Glover, Brush, Hawk, Sampson and French, bidding hard for positions.

### DON'T GET EXCITED!

Now that exams are drawing near, we see the faces white with fear, of students who have slipped along. They've let a whole semester go, and always been a bit too slow, and now the world's all wrong. Let me give some good advice, it's free and won't sound very nice, but take it like a sport. If you've been loafing classes through, and now exams are scaring you, don't let things slide, have in you, you'll have a raw report. But next time, try to keep in line, don't let things slide, have lessons fine, and when exam week is here, you'll calmly take each fearful test, and make grades better than the rest, and please your parents dear.

### LECTURE COURSE

Our lecture course this year has indeed been exceptionally fine; but the entertainment last Monday night has been "the best yet." We were entertained by Georgia Price, a Harpiste and Katherine Tift Jones, an American Diseuse.

Georgia Price played many pleaseselections, which won for her the admiration of her audience. During the past four years, Miss Price has made extensive tours. She studied with Rogers and Salzedo, completing her musical education under Henrietta Renie, one of the worlds great masters of the harp. Miss Price created a musical background for some of the readings by Katherine Tift Jones. Talented harpistes are so rare today that we were glad to have the privilege of hearing Miss Price.

Katherine Tift Jones read for us many short modern poems. But, we liked best of all her readings on the folklore of the South. She was born in Georgia, so of course, knows the Negroes and can imitate them well. Her "take-offs" on the old darkey slaves were very amusing. She entertained her audience immensely by her tales of the Negro life, their pleasures, their superstitions. She appeared in a colonial costume which added coloring and setting to the readings she gave. Katherine Tift Jones says that the old Negro folk songs and ballads have played a great part in the advancement of our American literature. We, of the North, have never seen the Negro at his best, but through our entertainers' descriptions, songs, and stories, we met him at work, at play-always good humored and happy. Miss Price accompanied the reader in several selections, which was indeed a novelty.

We all enjoyed the performance given by these two noted women and hope that we can hear them again. Westminster College has had the opportunity, this year, of bringing many talented and noted people to entertain her students and we have appreciated it. We hope that the next number on the course will be as good as this one; but we know it will—so don't fail to attend!

### HOW ABOUT GROVE CITY?

In another column of this paper we find that on Friday of this week, the Blue and White basketball team goes against its biggest rival, Grove City. The team has been showing up well, and over-confidence on the part of the students may result. The danger of this cannot be over-emphasized. Grove City has the same veteran team that last year walloped us badly on two occasions. Student support is still as necessary as ever if we expect a result like the football defeat. So let's get behind the team and help all we can! Go to Grove City and yell your head off! Let's show them! If Geneva did it, Westminster must. So let's go on a Ki Yi Blue!

teenth and fourteenth verses.

These two all-important verses have to do with the demands of Christianity. In the first place vigilance is demanded for we have to guard against the dangers from without: false-teachers, unholy influences, the direct attacks of Satan, as well as against the danger from within, self-deceit. Also we must be vigilant in taking advantage of opportunities for usefulness.

In the second place steadfastness is demanded of the Christian even as the Cedars of Lebanon are deep rooted. Thirdly, manliness with Jesus as the true example is required of the honest believer. In the fourth place strength is required, even that strength which the Comforter has given us ever since Christ's ascension. Finally loving service is required, and we could not help but render this the other characteristic are carried out. The divine love looks highest.

Many more of these interesting talks are promised in the near future. For the next two weeks Dr. Love will speak on "The belief of honest doubt." Other topics which will be discussed soon are: "What Jesus Christ can be and will be to those who let them into their heart," and "The temptations of young men."

### IMPORTANT RESOLUTION ADOPTED IN Y. M. C. A.

The Y. M. C. A. met last Wednesday evening, and conducted one of the most interesting and progressive meetings ever held in Westminster. The topic for discussion was "Student Government." Some of the fellows, who had been to other schools where student government is in operation, gave short talks. In this way the fellows were able to compare Westminster's system with such schools as W. & J. Allegheny, Eureka and West Virginia.

The biggest fault in our system seemed to be that it never accomplished anything. Motions passed by the Student forum were oftentimes shelved by the faculty. When action was taken, the results were very seldom told to the student body. The other big fault found in the faculty was that the faculty was usually, present at the meetings to the student forum.

To help remedy these evils, the Y. M. C. A. then made an informal resolution, whereby they decided to ask the student council to call a student forum for the purpose of trying to reform the present system.

### MISS REED SPEAKS AT Y. W.

Miss Reed, Red Cross nurse from New Castle, spoke at Y. W. last week to a crowd of very interested girls about the training courses which she is to give at the Gym next semester. There will be courses in Home Nursing and First Aid each Friday. The courses last year were largely attended and proved instructive, and a great many girls have already registered for this year.

Miss Reed gave a health talk for the girls, and her pleasing personality appealed to everyone present. We hope her courses will have the success they deserve.

Next week a secretary from the New Castle Y. W. will speak to the girls. It is hoped that a large number will be present.

### INTRA-MURAL BASKETBALL TO BEGIN THIS WEEK

The Intra-mural board met last week and the four fraternities were represented as follows: Theta Upsilon Omega—Thomas, Gibson, Frank Moretti; Crescent Club—Black and H. Snyder; Delts—Cox, and John Hines; Kappa Phi Lambda—Charles McMinn, Roese. They elected Black of the Crescent club as their secretary. They decided to start the schedule this coming week but the full schedule is not made. The only game scheduled so far is a game between the Thetas and the Cres-o'clock. The rest of the schedule cent Club to be played today at four appear in next week's Holcad. A close race is again expected as the enthusiasm is high.

West of Denver is the Continental Divide; hemmed in behind it is an undeveloped district twice as large as Maryland. That fertile area the new Moffat Tunnel will open up.

General Electric mine locomotives are carrying out the rock, and G-E motors are driving air compressors and pumping water from underground rivers.

The conquests of electricity on land and sea, in the air and underground, are making practical the impossibilities of yesterday. It remains only for men of ability to find new things to do tomorrow. Thus does Opportunity of 1925 beckon college men and women toward greater things as yet undreamed, and to a better world to live in.

The General Electric Company includes many specialists—engineers who know about tunnels; engineers who know about street lighting; engineers who know about the electrification of factories. These men are helping to build the better and happier America in which you will live.

### Arabian Nighties

Repete and Pete, the vaseline twins, carelessly shook their spinal columns during a warm afternoon in January, and cautiously ankled their saintly way down the alley. Repete slipped on a greasy cover of a 1912 World's Almanac, and came down ker-wollop, hitting his dome on a Heinz baked bean can. The marvelous way that he slapped his tongue over those old testament jaw breakers would have caused one to believe it was all of the 57 varieties.

Pete proceeded on his way unaccompanied. —Aha—He sees a bologne with a form like Venus de Mail Pouch. When the wedding wedding bells would ring, she wouldn't be outside. How sweet she was! How tender! Ah—it was lard rendering. Her eyes shone like mystic pools of fire beneath the dark lashes. Her lips quivered like a rag weed in the wind.

Our hero quickly plotted. He would take her to the Greasy Spoon, put on the lunch bag, and then go to the show. Clever! He followed her two blocks, four, the fifth. Allah he praised! She dropped her kerchief. He leaped like a fierce tiger for it, his head slapping a fire plug. No matter, he would pay for the damage done to the plug later. His voice cooed like a busted ukelele. Pardon me, miss, you dropped this.

She turned, her luminous orbs flashing. Dropped—! she said. Say bo, that's the third time I've thrown that rag away, and some fools picked it up.

She proceeded on her sweet and innocent way in solitude.

## WESTMINSTER RESERVES DOWN NEW CASTLE HI 22-14 IN SEASON'S OPENER

The blue-coated Westminster College Reserves bowled over New Castle High varsity 22-14 in their initial fracas of the season last Wednesday night on the Senior High floor at New Castle. The brilliant defensive game of the college outfit featured the play, allowing the Ne-Ca-Hi representatives but one field goal throughout the game. Less brilliant but yet very effective was the scoring power of the Reserves, both "Red" Kelley and "Jiggs" Havrilla garnering three times from the field.

The college Seconds started the setto with a bang and led 7-4 at the finish of the first quarter. During this time the foul shooting of the scrubs showed up well. At half-time the Reserves had increased their lead to 13-6. The second half found the Collegians shooting ahead steadily and finished the game on top 22-14.

Due to varsity practice at the same hour the Reserves staged their game. Coach Dyer was unable to accompany the team. "Andy" McDonald took his place and shot the quad the coaching dope necessary to cop the opening clash. The season's schedule for the Reserves has not been completed as yet but already a number of games have been arranged, including some of the best High School cage-squads in Mercer and Lawrence Counties.

### FRENCH PLAY ENTERTAINING

Miss Stewart has every reason to be proud of her class in French Dramatics. Last evening the class presented another of its delightful plays in the Little Theatre. The cast was selected from the members of the Dramatic Class, and under Miss Stewart's tutelage produced a highly diverting entertainment. The plot is laid in medieval France, with Maitre Pierre Pathelin, an avocate, as the chief character. This part was ably and delightfully taken by Robert Hunt. He was well supported by Louise Dickson, who acted the part of the French wife as though she had been born to it. In Bob Auld we discovered unsuspected genius as an actor. His deep bass voice boomed over our heads, and at least had the effect of keeping the audience awake. The other two members of the cast, Isabel McConagha and Louis Legory, depicted their roles like true French people.

The play was decidedly instructive in some respects. The chief lesson learned was a very valuable one as to how to escape our creditors.

tors. Bob Hunt gave a good demonstration of how to get out of paying his debts. In fact, his performance was so convincing that we have come to the conclusion that he has had more practice than that required for the production of the play!

We enjoyed this play so much we would like to see more of them. The Little Theatre was well-filled by a very appreciative audience. The cast and the teacher both deserve a great deal of credit for their work.

## EXCHANGES

The degree of bachelor of science in physical education will be offered to men at the University of Iowa, beginning with the school year of 1925-26, according to announcement made today.

A curriculum for the department has been drawn up by Prof. Paul E. Bilting, director of physical education, and has been approved by the faculty committee.

The course will be four years in length. It will include work in the college of liberal arts as well as instruction in phases of athletics and gymnasium training. Graduates of the department will be fitted for positions as athletic coaches and physical training directors, it is announced.

Advocating a humorous magazine. A university have been offered a similar course leading to the same degree.—The New Student.

The Allegheny Student body are a advocating humorous magazine. A petition has been circulated throughout the student body. This signifies that the signers will also be subscribers. Almost without exception the student body backed the proposition. The petition is now in the hands of the board of directors of the college for their consideration.—The Campus.

Monmouth has recently put out an issue of their paper printed in green ink. On more thorough inspection we find that the issue was published entirely by the Freshman class. It was a real paper! We wonder if our first year people couldn't do as well.

It is a fine thing to trust your fellow men—but you'd better insist on cash in thirty days.

### THE BLUSHING BRIDE

They tell us of the blushing bride  
Who to the altar goes  
And down the center of the church  
Between the friend-filled rows,  
There's Billy whom she motored  
with,  
And Bob with whom she swam  
There's Jack—She used to golf with  
him  
And Steve who called her "Lamb."  
There's Ted, the football man she  
owned,  
And Don of tennis days.  
There's Herbert, too, and blond  
Eugene,  
They took her off to play.  
And there is Harry, high school beau  
With whom she used to mush.  
No wonder she's a blushing bride;  
Ye Gods! She ought to blush.
